## Take Action Toward Constructive Change!

**Are you ready to take back control of your own life?**

### Becoming a Secured Party Creditor

is the first step towards this goal. This process includes everything that needs to be done to establish yourself. Your personal agent will complete all necessary documentation and filings on your behalf so that you can be worry free, and confident in your standing as a Secured Party/Creditor.

**Ready to start making your own choices?**  
 Only a sovereign can do this!

**Establishing your sovereignty** is the next step in regaining control of a life that is controlled almost exclusively by an out of control government. Although we create the necessary documentation in this filing we offer it to you at a reduced rate for processing the filing yourself, as this process can be time consuming and costly to file for us on your behalf.

**Want the standing of an**

**ecclesiastical nation under Christ? Then...**

### Acquiring Diplomatic Status

, and immunities as a result, will help accommodate you in your reach towards personal freedom as well as building a church or other ecclesiastical organization larger than yourself.

We will find a sending state within your price range that is willing to authorize you to work with them as a diplomat. (Additional Fees Apply)

**Use the Administrative Process (CAFV) to establish the facts, and your innocence.**

### Post-Conviction Conditional Acceptance for Value

, can not only help you to establish the facts, but is also the beginning to your exclusive remedy tort.

We will complete all necessary documentation and filings that need to be done on your behalf as your personal agent, so you can be worry free, and confident that your CAFV is being handled by some of the best, and that your establishing the facts in your favor.

**Ready to enforce those facts, and go on the offensive in regards to the fraud, lies and deception perpetrated against you?**

### Tort (AKA 'Your Exclusive Remedy')

A **tort**, in common law jurisdictions, is a wrong that involves a breach of a civil duty owed to someone else. It is differentiated from criminal wrongdoing, which involves a breach of a duty owed to society. Though many acts are both torts and crimes, only the state may prosecute a crime, whereas **any party** who has been injured may bring an action for tort!

A person who suffers a tortious injury is entitled to receive "damages", usually monetary compensation (but not always, sometimes it is more beneficial to negotiate terms such as release), from the person or people responsible--or liable--for those injuries (i.e. auto accidents, false imprisonment, defamation, product liability (for defective consumer products), copyright infringement etc...) With your tort in our hands you can rest assured that you will get the quality and service you deserve.

**Are you caught in the bankers fraud?**

**Foreclosure Remedy** will establish your standing with the alleged Commercial Bankers and distinguish their liability to you as a servicer or Trustee. Establish

- The Beneficiary of your mortgage
  - If the beneficiary has disclaimed liability to the mortgage...
  - If the mortgage has been securitized or not...
  - If the Mortgage is in the security pool which is was allegedly placed into..
- This is all established by us through a QWR which asks the alleged lender/servicer for pertinent documents to ones Mortgage Loan. Step 2 after receiving the information (including the Promissory Note) we look for the endorsement of the note. After this we can implement the CAFV, then attempt resolution of the Foreclosure/Distressed Property.

**Are you caught in a never ending loop a perpetual cycle of fraud?**

### Mortgage Discharge

This pushes for a full discharge of the mortgage and is an extension of the process above. While the process above is used to renegotiate the terms of the mortgage in a favorable way so you can survive the foreclosure process this process is designed for a complete remedy.
